We can both love Muslims and take notice that Islam carries out something other than paradise on earth to the extent that it rigorously imposes itself. This simple yet accurate introduction to the invisible world of physics is a great way to inspire a love of science and awe for our amazing world. As I see it, we who are seeking to be more spiritual in our daily lives need merely to open our awareness to the love of our creator, which helps expand our self-love, and then generates our greater capacity to embrace others with compassion. He was very The Beggar and the Hare to us.
