The fact that so many states knowingly chose to abandon older limitations and rules during the 20 th century does not go very far toward proving that circumstances beyond their control drove them to their decisions and that they could not have made different decisions. The plural number is that which denotes more than one; as, "The boys learn. Its prosperity may be partly owing to circumstances common to it with one of those nations, and partly with the other, while they, having each of them only half the number of favorable circumstances, have remained inferior. Service Crew.

Employing siege engines and catapults, the Mongols attempted to breach the city. The Chinese, who liked the men, considered his commanding officer a true gentleman, but had doubts about some of the other officers, especially those who had come up from the ranks.
